REPORT OF HARWOOD INDUSTRIAL SCHOOL

The entire enrollment at Harwood school 1917-18 was sixty-nine, with twenty on the waiting list. At the beginning of the school over one half of the girls were not Christians, but during the year all but one girl confessed Christ as a personal Savior and the one alone who can forgive and keep us. The girls did not wait for special services or Decision Day, but made their decisions for Christ in our own Sunday evening meetings, or in heart-to-heart talks with the teachers; the following Sunday they would go forward and make their public confession at the Sunday morning service.

The music class has been very large. A regular course has been adopted and a certificate is given when piano work is completed; two recitals were given, one in the home and one in English church, the church people attending in large numbers. Mrs. Underwood, a non-resident teacher has charge of this department and her interest has resulted in marked progress.

Twenty-nine old girls returned and twenty-two new girls have been received and forty-four girls refused for lack of room. Many of these girls will help with their tuition. The Spanish people are gradually becoming more self supporting.

The encouraging feature of our work is the desire of the girls to help themselves. During the vacation many of our girls have been working in American homes, saving their money to help clothe themselves and pay incidental expenses. Four members of the graduating class have put money in bank to pay graduating expenses.

Our great need is increased dormitory space. Fourty four girls have been refused for the coming year for want of room Place yourselves in our place and decide how you could tell a girl that the only possible opening for her to be trained as a homemaker, to learn to cook and sew, and to know Our Heavenly Father, was closed to her for lack of room.

We can only say "No room" and ask our Heavenly Father to give our people a larger vision of our work our opportunities and duties and leave all with Him, who doeth all things well.

MRS. MARY E. JOHNSTON, Supt
Albuquerque, New Mexico.

OBITUARIO

CRUZ J. MARTINEZ dejo de existir a fines de..... de 1917.

El expresado Ministro del evangelio empezo su carrera como probando en la Conferencia de Colorado en 1889, fue ordenado Diacono en la MISION de NUEVO MEXICO en 1893 y Presbitero en el siguiente ano de 1894. Desde el principio de su ministerio el mostro un grande celo por la salvacion de las almas y su trabajo fue premiado por el Senor, pues por su medio mas de 200 Indios fueron convertidos y agregados a la Iglesia que este siervo de Dios establecio en Dulce, Nuevo Mexico, siendo su principal trabajo en la Reservacion que esta a unas 18 millas al Sur de dicho lugar de Dulce.

El que escribe tuvo la oportunidad de conocer al extinto desde su ingreso al ministerio bajo la direccion del muy amado Dr. Thomas Harwood, quien bautizara mas de 100 de dichos Indios, tanto adultos como ninos.

El hermano Martinez fue un verdadero seguidor del Maestro, pues siempre procuro el bien-estar de sus hermanos y entre el pueblo se mostro siempre como uno de los llamados por Jesus par apacentar la grey; y fue tal su caracter manso y humilde que se capto el justo nombre del padre de los Indios: su trato con los extranos fue verdaderamente un modelo digno de los hijos de Dios.

Ojala y que sus virtudes y buen ejemplo sean seguidas por su esposa e hijos asi como por aquellos que lo conocieran. AMEN!!!

SUPERINTENDENT'S REPORT

English District

Bishop and Brethern of the New Mexico Conference:

Another year has come and gone; we are once more assembled for conference; I am glad to say, death has not entered any of the parsonage homes of the members o fthe Conference connected with the English District this year.

We have been saddened to know that we shall not see among us the face of Cruz J. Martinez; one of the faithful Spanish workers

Rev. John Evrington was employed to supply Maxwell; he and his good wife made a fine impression and the work was going well; but, her health suffered, probably because of the high altitude. The family started to visit relatives in Tennessee, hoping for benefit by the change; but it was not to be so. she died in Oklahoma City; Brother Evrington. though a stranger among us, has the sympathy of the brethren

This has been a hard year in New Mexico, the drought has been practically universal: flocks and herds have been depleted by the thousands; dry land farmers, have, in many instances, not reaped as much grain as they sowed; the fruit crop was practically a failure; add to this the increased cost of living; the near impossibility of procuring of labor; and the cost of the war, both by increased taxation and gifts that must be made in behalf of war activities. that are essential to winning the war; and the year has been simply unprecedented.

I have often gone t osome of the charges with a heavy heart, fearing that I might face disastrous conditions; in almost every instance the heroism, optomism. and self sacrificing spirit of our people has been a rebuke to my fears.

How the people have done as well as they have; how the preachers have been able to exist on the meagre allowances, coming to them is incomprehensible to me: but, in the main preachers and people have stood to the guns, and I think the reports of the year's work, will be creditable.

It is possible that I have not contributed as much this year, to success, as I might: before the first round of last year was finished; our state wide campaign to make New Mexico dry, came on: I happened to be chairman of the trustees of the Anti-Saloon League: it was hardly possible not to give time and thought to this thing; and, for the last twelve days before the election, my whole time and strength was given to the campaign; we rejoice in that this state, because of that campaign, in less than a month, will be dry: we are not ashamed, Bishop, that the Superintendent of the Anti-Saloon League, who was the leader in this campaign, is a member of this conference. With the wonderful climate and undeveloped resources

of our commonwealth; now, that it is, so soon, to be rid of this despoiler of homes, assasin of manhood, and enemy of effectiveness; we confidently expect unprecedented progress.

As I was closing the second round, there came a peremptory demand from the authorities of the "Board of Home Missions and Church Extension" that I give them some time in the work of the Centenary: this kept me away from the field for two and one half months; so, Bishop, if our work this year merits criticism: I am, probably, in part to blame. We have shared, possibly, in greater measure, the depletions of the war than older settled communities: so far as Anglo-Saxon occupancy of this land is concerned; we are a new land: our habitancy in greater measure than in the older states, was made up of young men: they are not with us now: go where you will in this state, be it mountain hamlet, the patios of the plains, our cities, or the widely separated farm homes or ranch-houses: there are no boys; New Mexico's sons are in the cantonments, on the high seas, or at grips with the Hun on the battle fields of Europe.

I want to say another thing; recently this state has been slandered in an article, "The Ungarded Gateway" in the North American Review; I do not know the author of that article; I hope I'll never meet him in this world. What I do know is he basely and inexcusably slandered, especially the Spanish speaking citizenry of New Mexico. There is a Mexican problem. No man who has studied this Southwest at first hand; rather than from a swivel chair in an Eastern office; or, through the window of a Pullman car; but knows this; furthermore he knows that the United States is not blameless in this matter: but, when one challenges the loyalty of our, in great measure, native born, Spanish speaking New Mexicans, he is talking about that which does not exist.

After Villa's raid on Columbus; one of the first National Guard units to reach the stricken town was a Spanish speaking company of the 1st New Mexico. Hear me! if ever the misguided folk, from below the border yonder, were to attempt to come through the so-called "Ungarded Gateway": they would never pass. and, the men in large measure, who would meet and turn them back, if New Mexico had the task to perform, would be men of Latin blood and Spanish speech.

One month after our conference's adjournment, the man who was appointed to Columbus left the charge; happily there is a Methodist chaplain with the forces stationed in the place; he has preached once a Sunday, the Sunday-school has been kept going, and the work maintained.

Very early in the year our pastor at Maxwell, entered army Y. M. C. A. work and a change in pastors occurred, the work has been much interrupted during the year.

It became necessary to relieve the supply at Des Moines the first of the year: the place has suffered much from preachers. After many weeks we secured another man for the place who staid until August 1. The work is not in as good shape as the opportunity warrants.

We procured the transfer of a brother from Oklahoma for Roy, some months after conference; he was a fit and good work was done; he came here because of his wife's health, she did not improve, longed for home and faces of loved ones, the work for some months was without a pastor—the last four weeks of the year they have been supplied.

Early in the year the man appointed to Estancia transferred to Oklahoma. I took the pastor from Belen and sent him to Estancia; for a quarter, the work at Belen was in charge of a deaconess, then a member of the conference, teaching in our boys' school took charge and has rendered good service. The work at Estancia has been well cared for.

I was sorry and proud that our pastor at Raton was taken from us, at the close of August as a chaplain in the army; Raton is in good condition; the organ paid for and the brethren resolved to reduce the troublesome debt, at the rate of one-thousand (1,000) dollars per year.

At Clayton, we had hoped to report progress with our sadly needed building: but, war times seemed to make building operations impossible, we have purchased our lots.

That part of the state is fairly prosperous, and we need reinforcement in Union County; this county is five and one-half times as large as Rhode Island. I am told that the agricultural agent, not a Methodist, says that if given the right sort of a rural pastor, he could take him about with him, preaching him every night in the week and three times on Sunday to good audiences: it is still, the day of small things with these folk; but, if we would, now, give them the Gospel, they would remember us when they come into their own.

Good work has been done at Corona, Mountainair, Santa Rosa, Springer, Cimarron and Solano; the brethren at these places, without the inspiration of large congregations, ministering to small communities or sparsely settled regions, have been faithful, patient, and, in my judgment successful.

Las Vegas is increasingly influential, is an educational center in our state, our church has an influence far beyond the borders of the town, the year has been a good one in this charge.

Santa Fe, where you are meeting has had a good year. Fancy the evidences of the same will be apparent without further mention on my part.

Espanola has done well, surely, if slowly we are gaining there.

I am tempted to say, though it may seem trite that this field is

very peculiar: this year, we have had the added pressure of war conditions; our pastors have had their part to do in the great drama, now being played to a world audience; we would not have it otherwise, we could not be genuine Methodists and it be otherwise: we, as Methodist preachers, must do our share: but, there is a very great danger of, in some measure, failing in the really great things because of the glaring headlines of the lesser things. There never was a time in all history when the things the Church should stand for, meant more, than in the midst of this world crisis. We sing "Keep the Home Fires Burning"; but hear Me if the fires upon the altars of the Church of Jesus Christ, grow dim, there will be only cold ashes upon the hearths where the home fires should burn.

There is this one thing I feel constrained to say, some things may seem more spectacular in these times, perhaps win more applause from men; but the minister of Jesus Christ that does not give hiself utterly to the work of preaching the Gospel, in these times of stress and strain, is making a mistake. If your country needs you, temporarily, in war work: go! remembering you are a minister of Jesus Christ, and whatever sacrifice you are called to make, play the man; but, if you are in charge of a church here in the home land: that church should absorb you body and soul; see to it that this one thing you do, **preach Christ.**

This field is no place for shooting stars or wandering comets. This has been demonstrated in the pastorate at Albuquerque: now closing its eighth year, and this year the most successful of the pastorate. I am told the reports will all be in full, all claims met and the debt reduced, and more than one-hundred added to the church. There are no easy fields in this conference, and Albuquerque is one of the hardest. It is no small thing to stay in a pastoral charge eight years and make each year an advance over its predecessor. This thing has been done at Albuquerque, and it can be done elsewhere; but, it will take concentration and consecration.

I wish brethren, that all might go to their appointed fields determined, with the help of God, to develop that field.

Silver City had a change early in the year; the man now in charge is a success; he labors under the shadow of our having closed our sanitorium and the resentment of the folk who are disappointed at the closing of the institution. No institution is more needed and it does seem a pity that for the lack of a few thousand dollars we must fail. The Deaconess Sanitorium at Albuquerque is a valuable adjunct to our work in that place, it is under the auspices of the W. H. M. S., and is well cared for and doing good work.

Roswell had a change of pastors last fall, a good year has resulted from the work of the church and pastor. This is one of the best charges in our conference, a people whom it is a delight to serve. Just now there seems to be a special opportunity favorable to us and

we are hoping for a decided advance in this field. Our pastor has done special work in the New Mexico Military Institute I was told on my last visit that this work is responsible for organization and equipment of a Y. M. C. A. at the school. Moving pictures have been used to good advantage in the work at Roswell.

At Nara Visa, a balcony has been built in the church, moving pictures installed, the church and parsonage lighted with electricity, these improvements at the cost of about five hundred (500) dollars. This church is ministering to the community in, not only the church and Sunday school features; but in the way of good, clean, wholesome pictures; it has proven quite a success.

Orchard Park (El Paso), has had a good year, the most prosperous of its history: a neat Parsonage, sufficient for the needs of the Charge has been purchased costing $1000 on this there is a debt of $500. The present Pastor has generously agreed to pay $10 per month rent for the same. We believe this Charge has a good future.

First Church, so far as the people are concerned, all things considered, have done well; but, we are facing a crisis, a failure in the next pastorate will, probably, spell disaster. I am praying the right man may be found and appointed to that Charge; I have faith in the proposition: I am convinced that First Church is a necessity to El Paso and we must see to it that we give the folk composing that membership competent and successful leadership.

Good meetings have been held on a number of the charges and there have been conversions and accessions to the church of numbers of people.

I hope we shall show an increase in our collections for the benevolences, it will be an achievement if we do. With the many calls that have been made upon our people, in these unusual times, it will require unusual sacrifice if we make an advance.

May I say, also, that there are a number of places in the state destitute of the Gospel, places where there is good prospect of developing substantial work; a little help now, would enable us to enter these open doors.

This has been a year of unusually strenuous work for me; I have never enjoyed better health or enjoyed my work more. I want to thank the brethren for their brotherliness and help during this strenuous year of toil. I want to especially thank Dr. Bassett, who, notwithstanding his own double task, came to my relief, when greatly needed and added to his own toil, to help me in time of need.

The year, upon which we shall enter, upon the adjournment of this session, promises to be momentous in the history of our branch of the church. Whether the "Centenary" shall be a success or failure, will be decided this year: we cannot afford to fail; we must succeed.

The New Mexico Conference must do her share. I trust that be-

fore we adjourn, the plans, regarding this forward movement may be fully matured and that we shall go, each to his field of opportunity to do our full share in making Methodism, under the blessing of God. fully efficient, the wide world round.

SUPERINTENDENT'S REPORT

Spanish District

Mr. Bishop and Dear Brethren:

It is a great honor to be associated with the Almighty in a gigantic enterprise but such has been the privilege of my co-laborers and myself during the past year. Our task is a colossal one, our hearts have sometimes been faint, the obstacles have seemed almost insurmountable but inspired by the presence of the Captain of our Salvation who said, "Fear not little flock for it is your Father's good pleasure to give you the kingdom" we have gone on with renewed energy from conquest to conquest. The reclaiming of untold thousands of benighted souls is a task worthy the efforts of Angels and fascinatingly alluring to men of enlarged vision and noble purpose. The Divine undertaking which now challenges our small army of workers is the regeneration of these misguided peoples and the placing them in an environment which will at once stimulate them and help them in their struggle against perverse customs and centuries of erroneous instruction. The territorial dimensions of this District are somewhat extensive reaching from the Colorado line on the north to El Paso on the south a distance of more than four hundred miles while from east to west the circuits on the extreme boundaries are six hundred miles apart. The States of New Mexico, Arizona and a part of Texas are included within the limits of this District. As a result of the constantly decreasing number of workers by death and removal during the past few years our active Pastors have had to assume the responsibility of circuits as large as young empires but the fidelity which has characterized the majority of the preachers has produced gratifying results in all departments of the work Diligent application is the only sure secret of success and those laborers who have been "diligent in business, fervent in spirit, serving the Lord" during the past year have received the benedictions of Heaven in seeing the cause of the Lord prosper in their hands.

The two elements in every annual report which always merit attention are the numbers of accessions to the Church and the financial prosperity. In these two departments we have much to encourage us as a result of our years' labor. Special meetings have been held in many of the Charges with beneficial results to the membership and with the following additions on Probation: Albuquerque, 27. Deming, ... Douglas, 16. Hillsboro, 9. Las Cruces, 6. Peralta,

6. Socorro, 20. Wagon Mound, 3. Taos, 23. Tucson, 27, making a total of 137.

In financial matters I am pleased to report that Pastors have raised their benevolences in full. Not taking time to write at length of all the circuits in the District permit to mention a number, their needs, their prosperity and their prospects. Albuquerque, under the supervision of L. P. Tirre has been worshipping for a number of years in three small and unattractive Chapels situated in different parts of the city but the plan now is to dispose of these small edifices and erect a commodious Church building in the heart of the city. If this enterprise can be successfully executed it will mean a greatly enlarged opportunity for the extension of the work of the Kingdom in the largest city of the State.

On the Socorro Charge Brother Juan C. Chavez has had a large field consisting of six or seven preaching places but by dedicating his entire time to his task he has been able to minister with regularity to all the congregations in this large territory. Special meetings were held with good results. His benevolent collections are larger than for many years. The new Church in Valverde is in process of construction and we hope that it will be ready for dedication by Christmas.

In Douglas, Arizona, brother Burman has accomplished a very commendable undertaking in the erection of a splendid parsonage with one large room in which the services of the Church will be held until the new Church can be built. This fine home for the Pastor cost $3,500 of which Brother Burman raised two thousand or more by his indefatigable persistency. He and his good wife are in a better condition than ever to lay stress on the evangelistic side of their efforts or to begin the erection of a new Church on the lots which have been donated to the Mission. Our opportunity is very large to do big things in Douglas for the Kingdom.

The work in Tucson has had a prosperous year. Brother H. O. Costales has worked night and day with the result that his membership has increased, his self-support has reached $300 and his benevolences are nearly all raised. He has visited Sanchez many times and Hayden once or twice, this latter place being a large mining camp where he found thirty protestants not having the services of any denomination whatever. By all means he should enter that open door of opportunity. At Deming a change of Pastors was made in the middle of the year as Brother Manuel Flores asked to be relieved of the work until this session of the Conference. Rev. Marion Browning of Gracemont, Oklahoma was secured and he has been holding service regularly for the past five months with good results. We still need nine hundred dollarse to make the last payment on our Church property there and we also need a sufficient amount to erect a suitable parsonage. Taos circuit has been ministered to by

Brother Zacharias Salazar and he has indeed been abundant in labors having all the northen part of the State for his Parish. He has held services with more or less regularity in the distant villages of Black Lake and Llano where there are good congregations. Peralta and Belen have been in the hands of Brother T. M. Harwood and he reports a number of accessions in the latter place. In Las Cruces and Dona Ana Brother Dionisio Costales has been regular in his efforts to do the work of a faithful minister. He rejoices in being able to report a number of new members and the benevolences are all covered.

The Hillsboro circuit has almost been at a standstill for a number of years but Brother Evangelista Candelaria has visited all the different points with regularity and he is consequently able to report that some ground has been gained. The Wagon Mound and Springer circuit is one which offers great opportunities for a big religious drive for one time and conditions seem opportune for a splendid victory. This circuit is situated in a rich farming and grazing section and a liberal spirit seems to be characteristic of the inhabitants of that portion of our Commonwealth. Brother Victoriano Cruz has visited four different places and is able to report some progress as a result of his efforts. Indeed all the charges of the District have experienced some degree of prosperity as will be noticed by the individual report of each Pastor. The year as a whole has been a prosperous one and the sower and the reaper may well rejoice together. It is true we are only about a dozen in numbers and the field is very great but inspired with an exalted faith we can exclaim "let us go up at once and possess the land for we be well able." In the month of May we had the delightful privilege of having as visitors to our District two distinguished District Superintendents, Dr. A. A. Thompson of Boone, Iowa and Dr. John Mclean of Manhattan, Kansas. Their presence and interest inspired us and we trust that the needs and opportunities of this great field inspired them with a good Samaritan feeling which may be manifested in some tangible way when they narrate their impressions to their respective Districts.

Summer School.—For one week in July we had a Ministerial Refreshing in the shape of a Summer School for Preachers. This was held at Albuquerque College and all the active preachers were present except two. A great intellectual and spiritual uplift was experienced. Rev. Vicente Mendoza of California, Dr. W. H. Cable of Council Bluffs and Dr. Higley of Des Moines, Ia., all delivered messages of great merit ad power. The Brethren desire that this school be made a nannual affair if possible as its benefits were appreciated and each worker was given an enlarged vision of his duty and privilege as a representative of the Master in the accomplishment of a great task.

It has been my privilege to visit nearly all the charges three

times during the year and to hold the Quarterly Conferences and celebrate the sacrament of the Lord's Supper. I have preached 86 times besides attending to my class work in our Conference School. Our prospects are good for the coming year and we hope to extend our borders and increase our numbers very appreciably. Before closing I desire to express my most sincere thanks to Brother Seneca B. Garcia, the Sunday School Missionary for his cordial assistance rendered at many places in the District. I also wish to thank the Brethren for their courtesy and consideration and for the hospitality of their homes. Praying God's richest blessings upon us as co-workers in the extension of the work of the Kingdom, I humbly submit this my report for the year's labor.

REPORT OF ALBUQUERQUE COLLEGE

Mr. President and Brethren:

In the building up of any great enterprise the foundations must well be laid or the superstructure will not be permanent. In the realm of religion this law has been true all the ages. Paul the apostle to the Gentiles was a master scholar and his writings have borne the scrutiny of the keenest critics and the must astute minds. So on through the centuries until the time of Wesley, the men who carried the burdens of the world's great religious enterprises were men of character, refinement and training. Methodism was born in Oxford University and as a result of the combining of the cultural and the spiritual we have maintained our place in the van of the world conquest for the past hundred years. Wherever Methodism has held revival meetings, there we have established Colleges for the preparation of leadership. This law of high standards holds good in Spanish as well as English. If we expect to influence the multitudes as we should we must replenish our ranks with the best scholarship the times can produce. With this end in view, we, as a Conference are maintaining our Albuquerque College. Our purpose is to have men well prepared to occupy the positions of trust and responsibility in every department of civic and religious life. Our first object is to produce good, christian citizens who will become an honor to the State and the Nation. The past year in our school was perhaps the best of any during the present administration. The high standard of scholarship has been maintained and the spiritual tone has been good. We had the privilege of having with us for a week's special meeting, Rev. Vicente Mendoza who spoke to the boys daily on subjects vital to character and destiny. The results of these and other services were that every boy in the boarding department made a profession of faith in Christ as his Saviour. Of course that means much to some and less to others but we feel greatly encour-

aged for we read in the Blessed Book "In the morning sow thy seed and in the evening with-hold not thine hand for thou knowest not whether shall prosper, either this or that or whether they both shall be alike good."

Four of our boys are now with the Colors and three are probably in France fighting for the civilization which has made our school a possibility. Our prayers go with them and we trust that they be returned to us in safety. During the past year we matriculated thirty-five students from various parts of this and other States. Financially we have come out well, and I am pleased to report that with the help of a number of kind friends we closed the school year without a single cent of indebtedness. The following is the list of the generous friends who sent us financial aid during the past year: C. A. Hartman, Roswell, N. M.; Mrs. Lucy E. Zentz, York, Neb.; Rev. Trevor Orton, Elgin, Arizona; Miss Kate S. Gillispie, Philadelphia Pa.; Rev. G. W. White, Beloit, Wis ; Mrs. Louisa Osgood, Rensselear, N. Y.; Mr. G. W, Gensemer, Pine Grove, Pa; Mr Glen Bowen, Scorsboro, Iowa; Mrs. B. Harms, McPherson, Kansas; Miss Susan Leah Buck, Springfield, Ill.; Mrs. Grant Lafferty, Mt. Carmel, Ill.; Miss Emma McKean, Taos, N. M.; Mr. and Mrs. Geo. Murray, Canon City, Col; and Rec. I. A. Bradshears, Hunter, Va. We also wish to acknowledge the receipt of the Conference Educational collections which amounted to $274 last year. We have made a number of improvements in our buildings and we are thus in better condition than ever to care for the boys who may be placed in our charge. In the month of August Mr. F. G. Heslet, our standby, right hand man went back to Ill. and was united in marriage to Miss Mabel McCormick. They returned at once to the school where they are comfortably domiciled and ready for work. Mrs. Heslet is a graduate in instrumental music from McKendree College, Ill. and her accomplishments are graciously dedicated with those of her husband to the cause of Christian education. The Fall term has opened and although the boys are slow in returning we have matriculated 16 todate. I trust that as many members of this Conference as possible will take the opportunity to visit this Institution before leaving for your respective fields of labor. We would also ask for your prayers and kindly encouragement as this is your school ,not mine, and I am only a steward in its administration. Send us more students as we still have place for a few others. Praying and laboring for the prosperity of this Institution which means so much for the future of Methodism among those of Spanish tongue, I respectfully present this my report.

H. A. BASSETT.

REPORT OF THE MARY J. PLATT SCHOOL

Tucson, Arizona

The matriculated list of girls in our school last year reached fifty-three and the average attendance was forty six. We teach house work, cooking, sewing and music. In the school rooms we take them through the eighth grade thus preparing them for High School. We had two girls who graduated last May. One of them is with us and expects to enter High School at once. We rather expect the other also. When we get the girls to the High School grade we are more than axious for them to prepare for the work of teachers or Missionaries to their own people as our supreme desire is to train some workers for the Master's vineyard.

BERTHA M. LEAMING,
Superintendent.

FOREIGN MISSIONS

The undersigned, appointed to report on the important matter of Foreign Missions, present the following statement:

Whereas, the nations, in this actual time, are facing the most critical circumstances due to the present war and that in many towns of the war stricken territory there are widows and orphans suffering unspeakable misery, without home, food and clothing, and,

Whereas, besides these just mentioned there are hundreds of our own soldiers maimed as a result of the war and,

Whereas our Discipline places the work of the Foreign Missions as the first and very important item at the head of all other causes with an amount in the apportionment of 0'12, and requires that each and every Pastor instruct his congregations as to the importance of this Board in order that said congregations may contribute with greater liberality, showing by this attitude that they really feel the needs of the countries where the Board of Foreign Missions has its work established.

Therefore, Be it Resolved:

First, that each District Superintendent put forth his every effort in order that the disciplinary provisions be complied with on the part of the church, Sunday school and Epworth League for this cause.

Second, that each pastor, in his respective congregations shall endeavor to come to his annual conference with the full amount apportioned for Foreign Missions ,and if possible bring whatever additional amounts they may be able to raise for this great cause.

Respectfullyy submitted

L. FERNANDEZ,
W. E. THOMAS.

STATE OF THE CHURCH

In looking over the reports of the Statistician and Treasurer in some respects there seems to be a falling off of interest, but considering the abnormal times and the interruptions of our church life we have made progress. The Committee of the "State of the Church" suggests that every pastor have a program of his work and adhere to that program as closely as possible. And that this program may include the following:

That a special effort may be made to reduce our Missionary help by becoming more self-supporting.

That we double our evangelistic efforts for the kingdom, and make the church stand for the high ideals of Christ in these days of testing.

That we give particular attention to the Sunday School work for this is a great opportunity to reach our young people.

That we join to our prayers our utmost efforts to make the church a friend of the people and the people a friend to Christ.

And that we intelligently present the Centenary Work to all our charges, and urge the carrying out the program of the Centenary Movement.

H. R. MILLS,
T. Z. SALAZAR,
W. E. SAVILLE,
Committee.

REPORT OF SELF-SUPPORT

This is one of the points of vital importance and consequently requires the attention of all Christian people. Although we may have to encounter some difficulties with our people we believe this is no reason for passing over the matter in silence but with more energy and enthusiasm we should go on teaching and urging our Brothers to carry on this work. We ,the members of this commission, recommend that each Pastor should take more interest in his Pastoral charge in making his Congregation by all just and legal means raise the necessary funds which are apportioned to the support of the work of the Ministry. Yours in the work of the Lord.

DIONICIO COSTALES,

and city, who, by opening the doors of their homes and in other ways, have made abundant provision for the entertainment, comfort and enjoyment of our Conference, our hearty appreciation.

2. BE IT RESOLVED, That we hereby register our sincere gratitude to Almighty God for the inspiration that has come to us, at the morning devotional hours and from the other addresses of our presiding officer Bishop Thomas Nicholson, and for his wise counsels, his deep interest and attention to every detail, and for his Christlike spirit and brotherly kindness to all. Also, for the leadership, devotion and helpfulness of his associates in the Cabinet, Dr. S. Alonzo Bright and Dr. H. A. Bassett.

3. BE IT RESOLVED, That we hereby indicate our gratitude for the kindness shown to us by His Honor, the Governor of this commonwealth, Governor W. E. Lindsey, for his presence and address at one of our sessions, and for the cordial reception at the Mansion—and not only to the Governor but to the officiary of the Supreme Court, District Court and the Corporation Council. That we here register our allegiance and our hearty support to the representatives of the above mentioned offices, whom we believe to stand for the enthronment of righteousness, justice and truth.

4. BE IT RESOLVED, That we hereby express our gratitude to the Centenary Committee for sending to us Bro's. Vogt, Johnson and Huddleston, who have given us visions of the great world program before our church.

5. BE IT RESOLVED, That we hereby recognize the kindness shown to this Conference by the local press—the Santa Fe New Mexican, and our appreciation of the kindness shown by the lady at the book-counter, the ladies' Aid, and the lady whose needlework put the stars in our Conference flag—our prayers shall follow those stars until the sun of victory shall rise and disperse the powers of darkness.

BE IT RESOLVED, further, that from this week of inspiration we shall go forth to our tasks with deeper consecration, higher aims, and a greater dependence on our Heavenly Leader

W. E. THOMAS,
J. C. KEEGAN.
J. C. CHAVEZ.

MEMORIAL

To the New Mexico Annual Conference,
Santa Fe, New Mexico.

Dear Bishop and Brethern:

The First Methodist Episcopal Church of Las Vegas, affirming its loyalty to the Nation and declaring its fealty to the causes of righteousness, petitions your honorable body to assure the President

of the continued unswerving support of the Methodist Episcopal Church in New Mexico of the Government in its efforts to win the war. It further petitions that you suggest to the President that unconditional surrender of the Central Powers be the only peace terms acceptable to the Allied Powers.

M. O. STOCKLAND.
FRANK H. H. ROBERTS.

CENTENARY RESOLUTIONS

Whereas, the World War summons the Church to unusual devotion and activity in preparation for the days of reconstruction following the coming of peace, in order that democracy can be made safe for the world; and,

Whereas, the General Conference directed that the years 1918, and 1919 be set aside for the observance of the celebration of the Centenary of the founding of our missionary work; and,

Whereas, the Centenary is thus providentially timed to coincide with the great World War; and,

Whereas, under the order of the General Conference, a World Program has been adopted which provides for placing our work at home and abroad upon a basis of higher efficiency in order that the Methodist Episcopal Church may do its full share in bringing in the Kingdom of Jesus Christ, therefore be it

Resolved, first, That this Annual Conference strongly endorses the Centenary Movement and pledges its full cooperation.

Second, That a Conference Centenary Council be and hereby is created this council to consist of the District Superintendents Dr. S. Alonzo Bright, and Dr. H. A. Bassett, two pastors, the pastors of the English and Spanish churches of Albuquerque ,and three laymen Dr. Frank H. H. Roberts, Dr. D. A. Porterfield, and Higinio Chaves. D. A. Porterfield, chairman protem, S. A. Bright secretary protem.

Third, That the District Superintendents be requested to take immediate steps to organize the Conference and Local Church Councils in accordance with the actions of the District Superintendents at the Columbus meeting.

Fourth, That the Centenary allotment as handed down by an allotment committee be at once heartily accepted by the Conference and if possible that they be oversubscribed.

Fifth, That all the necessary arrangements be made by the Annual Conference Council, pastors and the laity of the church for the intensive period of from five to ten days in which the campaign is to culminate, and that a day be designated by the National Campaign committee and set aside in all our churches, this day to be known as World Program Sunday. We therefore recommend that on this day our pastors and people everywhere give themselves to prayer

that a year ago many declared could not be possible; one of these which has been realized is the Prohibition law of our state which becomes effective this coming October.

We wish to make special mention of such men as Gov. W. E. Lindsey, Chief Justice R. H. Hanna, Justice C. J. Roberts, Senator M. T. Dunlavy ,and District Judge Reed Holloman, who in their untiring efforts and labors have helped in a decided way to make possible the present success of this cause.

The cause of temperance has progressed very rapidly within the past year throughout our country, and we are fully confident that by the year 1920 we shall see national prohibition ratified, and in the meantime we are to work earnestly, that what we have may not be taken from us.

Furthermore, we urge that good and efficient men be elected to the offices of our state, men that will render service effectively for the prohibition cause. The liquor interests will put forth all their energy to place men in our Legislature that will be unfriendly. This we want to overcome.

Further, wherever we can, let us protest against brewers and distillers using grain that should be used for food, and coal that should be used in the homes and schools and industrial plants throughout the land.

RUFUS C. BAKER,
VICTORIANO CRUZ,
W. E. SAVILLE.

REPORT OF COMMITTEE ON AMERICAN BIBLE SOCIETY

We express our approval of the timely work performed by the American Bible Society in distributing testaments among our soldiers and sailors. We appreciate the great assistance this Society has given to our mission workers in many fields. We recognize that the liberal business policies of this great organization have kept bible-making and bible-distribution free from the excessive financial burdens of common commercialism; and we urge upon our brethren the strictest loyalty to ,and the energetic support of, this great world-serving Society.

(Signed) S. W. MARBLE, Chairman.

SABBATH OBSERVANCE

Our true relationship with God comes only as the result of set principles of the heart. The keeping of God's laws is the foundation of their principles. The keeping of the Sabbath Day holy is one of these laws out of which develop the principle of reverence, humility,

obedience and fixed purpose. Recognizing the importance of the development and appreciating God's plan;

THEREFORE, be it Resolved that we, as a people, present at every opportunity the importance of proper Sabbath Observance, and that we discourage anything that interferes with this obedience of this law.

Respectfully submitted
THOS. V. LUDLOW.

COMMITTEE ON EDUCATION

Recognizing that Christian Education is the dynamo of the Church for supplying trained man-power for all departments of useful activity and especially in these times when so many of our youth are being sacrificed upon the altar of our country, we call the attention of our Conference to the urgent need of heartily co-operating with the Board of Education in its program so magnificently arranged and so well directed. We urge upon our pastors an enthusiastic observance of Children's Day, with as large a collection as possible.

We also recommend a personal interest in our Conference school in Albuquerque and we promise it our continued support.

H. A. BASSETT,
F. G. HESLET,
F. E. LOCHRIDGE.

DEACONESS BOARD

The conference board of nine in meeting assembled, recommends the renewal of the licenses of Miss Edith Gorby, Deaconess of the First Church, Albuquerque, New Mexico, Miss Beulah Clement, employed by the Y. W. C. A. Albuquerque, Miss Stella Corbin a student nurse in the Methodist Hospital, Los Angeles, California, and Miss Lula Hiner, Superintendent of nurses in the Methodist Deaconess Hospital, Albuquerque, New Mexico. We further recommend the following named persons to serve on the Board for three years: H. B. Hammond, Chester T. French, Mrs. T. White.

S. ALONZO BRIGHT, President.
C. O. BECKMAN, Secretary.

COMMITTEE ON RESOLUTIONS

1. BE IT RESOLVED That we express to our host, the St. John's Church at Santa Fe, its able and beloved pastor, Rev. Frank E. Lockridge, and his companion, and the good folk of this church

REPORT OF COMMITTEE ON SUNDAY SCHOOLS

The committee on Sunday Schools submits the following report:

1. Recognizing the fact that the Sunday School is in most cases the necessary antecedent to the organization of a new church and the chief recruiting station of the church already organized, we recommend that special attention be given by the pastors to the work of the Sunday School in this new undeveloped field.

2. Inasmuch as the Sunday Schools of our church have definitely related themselves to the Centenary program and have undertaken the stupendous task of raising 10 million dollars during the campaign now impending, we recommend that the pastors fully acquaint themselves and their workers with this program, that we systematically organize our forces for the carrying through of this program and the raising of the full quota apportioned to our conference.

RUFUS C. BAKER,
S. B. GARCIA,
SAMUEL W. MARBLE.

STATE OF THE COUNTRY

Our country is being put to the test, and is on trial as never before in its history. We are a peace loving people, but the call has come to every true citizen of this great country to defend his country's ideals that have been obtained by the costly sacrifice of his forefathers, and once hearing this specific call we will carry our doctrine of force tempered by the grace of God till vandalism and Hunism is cleared off the face of the earth; and the righteousness of Jesus Christ is made safe to his fellow workers.

Therefore as Christian Ministers of the Gospel let us stand back of our administration with our prayers, love, sacrifices, and labors, and advocate no terms of peace that does not absolutely destroy militarism and selfish world empire ambitions, and does not save the world from a like catastrophe in the near future.

Furthermore, we urge that all pastors discourage any movement of the churches to curtail any of the work of the kingdom in these war times because we need all the spiritual forces working at their maximum strength.

Submitted by Committee,
W. E. SAVILLE,
SAMUEL W. MARBLE,
H. O. COSTALES.

PERIODICALS

The best is none too good for the Methodist Our periodicals are recognized as the best for our use; let us, therefore, make use of them. Our aim is to have every official family to provide themselves a Methodist paper.

Further; in view of the fact that our Spanish-Speaking people are without an official periodical, and Sunday School literature:

We recommend that such publications be printed in Spanish, and in connection with this publication a page of Centenary data be furnished for information to the Spanish-speaking people.

Submitteed by Committee.

C. O. BECKMAN,, Chairman,
JOHN BURMAN,
W. E SAVILLE.

HOSPITALS

The World War has not stopped but rather added to the war on tuberculosis. The need of the Methodist Deaconess Sanitarium located at Albuquerque has been fully established and running full capacity nearly all the year around. Every woman's organization of our church apd every church society should aid this most worthy enterprise with annual donations.

C. O. BECKMAN.

COMMITTEE ON EPWORTH LEAGUE

To appreciate the Epworth League as a training school for our young people and beg to urge every pastor to be diligent in promoting the same. We desire to recommend that wherever possible, informal conventions be held where a few Leagues can conveniently gather.

We desire to recommend, further, that the Leaguers be encouraged to be active in the Centenary, and in such war work as they may be able to do.

F. E. LOCHRIDGE,
E. B. CANDELARIO,
W. H. STEVENS

TEMPERANCE

God is living, and living abundantly in this age. The forces of righteousness are working as never before. Men of leadership are embodying the visions and dreams of the past, visions and dreams

REPORT OF THE BOARD OF HOME MISSIONS AND CHURCH EXTENSION

We desire to express our sense of appreciation of the aid in this field of the Board of Home Missions and Church Extension. Without their help this field would have to be abandoned.

We urge that the same appropriations be made to the two districts of this field that were made last year, and that the division between the English and the Spanish Districts be designated by the parent board.

We recommend that the same amounts be appropriated as were appropriated last year, viz: $10.200 to the Spanish District, and $9500 to the English. We plead for an increase of $1000 for the Spanish District and for an increase of $1200 for the English District. Without this increase, especially on the English District, our work will absolutely suffer. We ask the following appropriations:

For the English District

Suptnt's Salary	$1600 00	Corona Circuit	300.00
Traveling Expenses	500.00	Maxwell and French	200.00
Belen	300.00	Moutainair	500.00

NEW MEXICO NORMAL UNIVERSITY

What is said of the New Mexico Normal University

New Mexico Ruralist:—
"Here is an institution lofty in its ideals, practical and highly efficient in its work."

New Mexico Journal of Education:—
"A marvelously successful and influential institution of higher education, whose impress is felt in every school in the state."

Dr. A. E. Winship, of the Journal of Education:—
"The Normal University of New Mexico ranks with the teacher-training institutions of the country with apologies to none. Its numerical growth of 500 per cent, and that includes this war year, is as near unbelieveable as anything could be educationally. But the real surprise, however, is the personal, professional and scholastic standing of the students. This is more than 500 per cent today."

Chancellor Henry A. Buchtel, of Denver University, in a private letter:—
"We are always delighted to have students from the New Mexico Normal University, for the reason that they are serious minded and purposeful and know why they come to college."
